This paper is filed in response to the Office Action dated July 8, 2002 issued in the above-identified U.S. patent application. Kindly amend the application in accordance with the following particulars:

IN THE SPECIFICATION

Kindly amend the specification on pages 6 and 7 by inserting the substitute paragraphs for those starting on page 6, line 16 through page 7, line 20 as follows:

-- With initial reference to Figures 1-3, a compact package, designed for garments made from delicate materials, is generally indicated at 2. Package 2 includes a container body 6, which is preferably molded, such as through an injection molding or blow molding process, of plastic so as to include a plurality of upstanding walls, one of which is indicated at 9, a closed bottom 14 and an open upper end 16.
